CampusMBA Certificate and Designation Programs

CampusMBA offers the most respected certificates and designations in the real estate finance industry. CampusMBA is the only provider of these elite industry certificates and designations, and they can only be earned through participation in MBA programs and education initiatives. Make your professional development efforts count by working toward a CampusMBA certificate or designation.

Achievement and Professional Certificate Programs

Achievement Certificate: CampusMBA achievement certificate programs are ideal for acquiring basic knowledge in a specific area of the real estate finance industry.

Professional Certificate: CampusMBA professional certificate programs take you a step further. Through targeted education, you build niche skills designed to advance your career. Requirements for the professional certificate programs vary, but each program consists entirely of distance-learning courses.

Curriculum: Each program represents an investment of 50 hours of education and consists of five distance-learning courses. The courses are self-paced and accessible 24/7. Visit www.campusmba.org/des or request a program brochure to learn more about the specific requirements of each program.

Please note that the cost of courses is not included in certificate enrollment fees. Students must be enrolled in each required course separately. Special packages are offered for the achievement certificate enrollment that includes all program components for a special discount.

Certificate Programs Leading to Designations

Most CampusMBA certificate and designation programs are composed of three levels. The first two levels — the achievement certificate and professional certificate — lay the foundation for the final level, the specialist designation.

These certificate programs are listed in the chart at right (read the chart from left to right to see the overall program as it leads to a specialist designation).

It is not necessary to complete the entire path of a program. Many professionals, as well as organizations, seek certification via CampusMBA programs, but do not choose to progress to the designation level.

Achievement Certificate	Professional Certificate	Specialist Designation
Commercial Servicing	Commercial Servicing	Commercial Certified Mortgage Servicer (CMS)
Loan Officer	Loan Officer	Certified Loan Officer (CLO)
Residential Underwriter	Residential Underwriter	Certified Residential Underwriter (CRU)
Residential Servicing: Default Administration	Residential Servicing: Default Administration	Residential Certified Mortgage Servicer (CMS)
Residential Servicing: Financial Controls and Investor Administration	Residential Servicing: Financial Controls and Investor Administration	Residential Certified Mortgage Servicer (CMS)
Residential Servicing: Loan Administration	Residential Servicing: Loan Administration	Residential Certified Mortgage Servicer (CMS)

Certificate Programs NOT Leading to Designations

The following two achievement certificate programs do not lead to designations. These two stand-alone achievement certificates are listed below.

Mortgage Compliance Achievement Certificate

The Mortgage Compliance Achievement Certificate recognizes compliance officers, lawyers and other professionals who seek to maintain current and comprehensive knowledge of the laws, regulations and other compliance requirements applicable to the residential real estate finance industry.

Quality Assurance Achievement Certificate

The new Quality Assurance Achievement Certificate symbolizes superior skills and familiarity with quality assurance tools and techniques.

Certify Your Staff

Show the world your organization is dedicated to quality by making a commitment to certify your staff through CampusMBA's certification or designation programs.
