Level II Now Available

CampusMBA is the exclusive provider of the new Commercial Certified Mortgage Servicer (Commercial CMS) Specialist Designation and related certificates. The Commercial CMS signifies an individual's superior knowledge, experience and professional conduct in the servicing of commercial mortgage loans. The progressive CMS curriculum is designed to provide specialized training in commercial servicing. The first two levels — the achievement certificate and professional certificate — lay the foundation for the final level, the CMS Designation. Both the first and second levels of this program are now available.
