

Designation Enrollment Form

www.campusmba.org/des

CampusMBA offers the most respected certificates and designations in the real estate finance industry, including the Certified Mortgage Banker (CMB), the industry standard of professional success.

Certified Mortgage Banker (CMB)

The Certified Mortgage Banker (CMB) Professional Designation is the industry standard of professional success. With superior knowledge, ethics, connections and leadership skills, CMBs set a high bar for real estate finance industry professionals.

Certificate and Designation Programs with Structured Paths

The following certificate and designation specialist programs are composed of three consecutive levels. The first two levels — the achievement certificate and professional certificate — lay the foundation for the final level, the specialist designation.

Commercial Certified Mortgage Servicer (CMS)

The progressive Commercial CMS curriculum is designed to provide specialized training in commercial servicing. The first and second levels, the Commercial Mortgage Servicer Achievement Certificate and Commercial Mortgage Servicer Professional Certificate, are now available. Request a certificate enrollment form to enroll.

Residential Certified Mortgage Servicer (CMS)

This designation recognizes an individual's superior knowledge and experience in servicing practices, theories and applications. The Residential CMS establishes a high standard of training for servicing professionals. The progressive curriculum is designed to provide specialized training in loan administration, financial controls and investor administration, and default administration. A Master Residential CMS is available for professionals who complete all three tracks.

Special thanks to Lender Processing Services for its support of the Residential CMS Designation.

Certified Loan Officer (CLO)

The new Certified Loan Officer (CLO) Specialist Designation is certain to become the nationally recognized certification for residential loan officers. It signifies superior knowledge, experience and professional conduct in the origination of residential mortgages. The first and second levels, the achievement and professional certificates, are now available. Request a certificate enrollment form to enroll.

Certified Residential Underwriter (CRU)

The Certified Residential Underwriter (CRU) Specialist Designation elevates underwriting to a higher level of professionalism through enhanced processes and increased efficiencies. CRU designees have the knowledge and confidence to perform better and bring more value to their companies.

CampusMBA offers the CRU curriculum developed in partnership with Genworth Financial.

Use the form on the opposite side or visit www.campusmba.org/des to enroll.

NOTE: Cost of courses is not included in enrollment fees. Certificate and designation enrollment fees are nonrefundable and nontransferable.
